

Body / Chassis

Manufactured from high-strength steel by using special submerged welding machines. Chassis, frame and backbone structure are suitable for heavy-loads and difficult site conditions and designed for esthetic appearance and durability. Used materials;

- Floor Sheet "ST52"
- Gate height 950 mm "ST52"
- Accessional gate height 350+350 mm "ST52"
- Mechanical Rear Gate
- Bolt connected tipper body supporting pivot with 90mm calibration.
- Tipper balance lever on the bottom chassis.

Hydraulic System :

- Fronted 4-level cold drawn telescopic cylinder in the front
- Oil Tank
- Power pump with coupling gear
- Limit control valve
- Directional valve and oil filter

<< All measures are declared with 2 % margin >>

Dimensions :

- Total Tipper Length :
- Total Width :
- Gates and Accessional Gates:

CONVENIENT TO VEHICLE SIZE

Painting : All steel parts are blasted, painted with two layers of anti-corrosive primer coats and top acrylic paint coat with up-to-date colours and design.

Standard Accessories :

- Steel Mud-guards
- Ladder
- 1 x Tool Box
- 1 x Water Tank

Optional:

REMARK : Our products are under 2 years local and one year international warranty against manufacturing defects.
